Term 3, Week 2

Thursday, 22nd July, 2021

Principal's Report

Congratulations to our boy's league team on their efforts in Dubbo on Tuesday. The boys played well in cold conditions and went down in close matches to 2 strong teams. The boys finished 4th overall in the Western Division which is a wonderful achievement. Staff were discussing at our morning coms meeting on Wednesday morning, when the last time a Cobar Public School team had placed so highly, with the general consensus being that it would be 15 years or more since a Cobar team had achieved what the boys did this week. Very well-done boys and a huge thanks to Mr Holt for coaching the boys.

An ongoing thank you to our community for your understanding re COVID restrictions. At this time there has been no move to increase restrictions for our school. We will keep you updated on any changes if they occur.

Athletics carnival this Friday. Unfortunately closed to spectators but we wish all our athletes well and look forward to seeing any new PBs or breaking of school records.

Have a great weekend everyone.

RESPONSIBLE

RESPECTFUL

LEARNERS

Dear parents, guardians and carers

Re: Nationally Consistent Collection of Data on School Students with Disability (NCCD)

Every year, all schools in Australia participate in the Nationally Consistent Collection of Data on School Students with Disability (NCCD). The NCCD process requires schools to identify information already available in the school about supports provided to students with disability. These relate to legislative requirements under the *Disability Discrimination Act 1992* and the Disability Standards for Education 2005, in line with the *NCCD guidelines* (2019).

Information provided about students to the Australian Government for the NCCD includes:

- year of schooling
- category of disability: physical, cognitive, sensory or social/emotional
- level of adjustment provided: support provided within quality differentiated teaching practice, supplementary, substantial or extensive.

This information assists schools to:

- formally recognise the supports and adjustments provided to students with disability in schools
- consider how they can strengthen the support of students with disability in schools
- develop shared practices so that they can review their learning programs in order to improve educational outcomes for students with disability.

The NCCD provides state and federal governments with the information they need to plan more broadly for the support of students with disability.

The NCCD will have no direct impact on your child and your child will not be involved in any testing process. The school will provide data to the Australian Government in such a way that no individual student will be able to be identified – the privacy and confidentiality of all students is ensured. All information is protected by privacy laws that regulate the collection, storage and disclosure of personal information. To find out more about these matters, please refer to the [Australian Government's Privacy Policy](https://www.education.gov.au/privacy-policy) (<https://www.education.gov.au/privacy-policy>).

Further information about the NCCD can be found on the [NCCD Portal](https://www.nccd.edu.au) (<https://www.nccd.edu.au>).

If you have any questions about the NCCD, please contact the school.

Kind regards

Jonathan Harvey
